Jesus said to her, “I am the resurrection and the life. The one who believes in me will live, even though they die; and whoever lives by believing in Me will never die. Do you believe this?”

John 11:25-26

He is risen, as He said.

Richard's Writings

Hello Love,

It seems like The Lord has been reminding me a lot in the last few days that HE is in control. That He is Lord and even when we face uncertain times or difficult circumstances, He is Good All the Time. That's something we say and if we're not careful, we will just repeat the words without really understanding what it means. First, it does not mean that because you are saved everything always works out to your liking all the time. That's sort of a hard pill to swallow sometimes. When we face difficult times, we pray and ask God to heal or to deliver us and we have a certain way that we want that to come about. The truth is though, that God's plan is not our plan. His thoughts are higher than ours and HE is doing more than we know and working in ways that we cannot see. Because that's true, what we ask for is short-sighted in-light-of eternity sometimes. What I mean by that is, God is accomplishing something in us and through us that we don't always understand. Sometimes, we don't even like it, especially while the trial is going on. Hebrews 12:11 says *¹¹ Now no [a] chastening seems to be joyful for the present, but painful; nevertheless, afterward it yields the peaceable fruit of righteousness to those who have been trained by it.* The fact is that God uses all sorts of things to conform us to the image of His Son. Some of those things are hard and scary but Scripture teaches us that if we continue in Christ then we will grow in the grace and knowledge of the Lord. On a Sunday a few weeks ago, I used a passage of Scripture from 2 Kings 6:14-17. In that passage, Elisha prays that God will open the eyes of his servant so that he will be able to see God's provision. God's people are surrounded by the Syrian army and it looks hopeless. Elisha asks the Lord to open the servant's eyes and when HE does there is a great army of the Lord ready to do battle for God's people. I pray that we have our eyes opened to see what God is doing. When we trust Him, we rely on Him to provide what He knows we need. Now that means that we don't get our way, but the truth is that what God wants for us is better than anything we could dream up. So, let's trust the Lord, it really is our only hope. Our future is in His hands anyway. When we submit to His will He removes a lot of anxiety about what's coming. God is Good All the Time!

HAPPY EASTER!!! OUR SAVIOR LIVES!!!

This month's article comes from a young lady I have grown to love over the past 5 years. Her name is Kylee Tyndall and she is totally opposite from her older sister who attended TSM, Macayla Tyndall but in a wonderful way. I remember years ago, Mac trying to get her to come and she was so hesitant. She has been a tough case, but God is so good and little by little she began to come and get involved and I really believe now she enjoys it. (I Think) I admire her uniqueness, individuality, her quirky personality and even her tough exterior along with her sassy mouth at times. The thing of it is she reminds me a lot of me when I was her age. A little rough and tough on the outside but inside a tender caring heart. I have seen her reveal that side and it's a beautiful thing. One thing about Kylee that a lot of people don't know is that she has a beautiful singing voice. She has been in Saint Sounds for the past 2 years and if you have never seen them perform, you should.

Kylee is a senior at Southern Wayne High School and plans to attend Wayne Community College in the fall. She will be pursuing an Associates Degree in Science. I am looking forward to the journey God has mapped out for Kylee. Kylee's parents are Eric and Margaret Tyndall.

When I first started coming to TSM, my sister Macayla had to literally drag me to come with her. I was extremely iffy at first about it and didn't really know anyone there, which made me really uncomfortable. The more that Mac made me go, I started to really enjoy going and soon grew to love it. While attending TSM I have attended Caswell, mission trips, and service events in the community. Being in youth has given me new ways to interact with others that I haven't experienced before and grow in my faith with other believers. If you know me, you know I have a loud but also awkward personality. Being in TMS has helped me step out of my comfort zone. I will never forget my most recent mission trip to Memphis, Tennessee. I loved being able to make memories with some children that I got close to and being able to share the word of God with them. The thing that impacted me the most was feeding the men at the homeless shelter and seeing people with absolutely nothing be so happy that we took the time to talk and worship with them. That holds a special place in my heart. I love how involved our youth group is, we do so much as a group. I could go on and on about all the fun things and events that we do together. My time in TSM has taught me to be thankful for what I have and not to take things for granted because there are so many people who aren't as fortunate as I am. I will forever be grateful for Mama J. She is not only a great leader, but she is also a friend for life. Mama J has made a huge impact on my life in numerous ways. (continued on next page).

She is someone who you can easily talk to, and she will tell you the honest, straight up truth about any and everything. As I am going into college, I know that no matter what, I have a family in TMS and support in my walk with God.
